

Timeline of key Maria/Catalyst decisions

Just Maria/Catalyst decisions, continued

Helicopter crash. Conrad learns after the fact that Catalyst hired another helicopter and failed to transfer the promised insurance to that specific helicopter. Conrad loses around \$23k of equipment. Conrad goes shopping to replace equipment to ensure contract can continue.

Omadatech.net site is launched, seems to have Conrad's software on it or a derivative

Gerard angry that Conrad did independent activity. Catalyst expects Conrad to follow the NDA document that Catalyst is not providing. Gerard threatens to call Homeland Security and have Conrad's green card taken away.

Final meeting. Gerard does not care about the past. Maria says she thought Conrad was covered for insurance. Maria claims software inventorship, and says that Conrad did not make the software. Maria denies promises and says the relationship was just a regular or traditional relationship.

Maria emails a unsigned PDF letter from Sander Friedman. It refers to a November 2013 document. It is the first reply to Conrad's July 2 2014 letter sent to Friedman, nearly three years after.

Conrad sees Catalyst and Jordan are working together near Conrad's neighborhood, in violation of Jordan's work agreement.
